OEKO-TEX

Oeko-tex standard 100 è un sistema di certificazione e controllo nel settore delle materie prime tessili, dei semilavorati e dei prodotti finiti in tutte le fasi di lavorazione e indica che il produttore è certificato come ambientalmente ecocompatibile sia nei processi che negli stabilimenti, oltre che testato per verificarne l'assenza di sostanze nocive

Oeko-tex standard 100 is a certification and control system in raw materials, semi-finished and finished textile products. It indicates that the manufacturer is certified as environmentally friendly both in the processes and in the factories.

GOTS

organic
Certified by ICEA
GOTS-10421

Il Global Organic Textile Standard garantisce al consumatore che i prodotti tessili biologici siano ottenuti nel rispetto di stringenti criteri ambientali e sociali applicati a tutti i livelli della produzione, dalla raccolta in campo delle fibre naturali alle successive fasi manifatturiere, fino all'etichettatura del prodotto finito.

The Global Organic Textile Standard guarantees the consumer that organic textile products are obtained in compliance with stringent environmental and social criteria applied at all levels of production, from the collection of natural fibers to the labeling of the finished product.

OCS

Organic Material
Certified by ICEA
ICEA- TX-396

La certificazione Organic Content Standard certifica l'origine biologica [organica] di una fibra naturale tessile. Si occupa anche di tracciare l'approvvigionamento dei materiali e del prodotto finito e commercializzato [tracciabilità, trasparenza].

The Organic Content Standard certifies the organic origin of a natural textile fiber. It also deals with tracing the supply chain of materials and the finished and marketed product [traceability, transparency].

GRS

Certified by ICEA
ICEA-TX-396

La certificazione GRS verifica la presenza di materiali riciclati nei prodotti tessili. Il Global Recycle Standard garantisce anche pratiche socialmente etiche, ed una responsabilità ambientale rivolta soprattutto ad un corretto utilizzo di sostanze chimiche potenzialmente pericolose.

GRS certification verifies the presence of recycled materials in the textile products. The Global Recycle Standard also guarantees social and environmental responsibility of the manufacturer.

COTONIFICIO OLCESE FERRARI è un'importante realtà tessile italiana nata dall'unione di due aziende storiche del settore, differenti per DNA e vissuto, ma profondamente legate da un'unica filosofia.

Artigianalità industriale italiana, alti standard qualitativi, processi produttivi e stili di vita attenti all'ambiente e alla società sono aspetti comuni e che ora caratterizzano Cotonificio Olcese Ferrari, rendendo l'azienda una realtà di successo a livello internazionale.

E' una struttura dinamica e altamente progettuale nella produzione di filati fantasia, filati per jersey e per tessuti ortogonali in cotone e mischia intima con lana, seta, lino e altre fibre pregiate e innovative dai colori e dalle caratteristiche tecniche uniche.

Anche in questo difficile momento storico, l'Azienda è orientata alla continua ricerca ed innovazione su vari fronti, progettando nuovi filati che rispondano a imprescindibili principi di sostenibilità.

Riciclo degli scarti tessili, materie prime biologiche, eco design e fibre innovative con caratteristiche di basso impatto ambientale sono i temi fondamentali trattati nelle nuove collezioni, indirizzate ai diversi settori merceologici a cui Cotonificio Olcese Ferrari si rivolge.

FEEL THE YARN

COTONIFICIO OLCESE FERRARI è socio di Feel The Yarn, un marchio che espande continuamente i propri confini. Un mondo digitale multicanale costituito da una rivista, una newsletter, un concorso, social media ed eventi internazionali nati per fornire ai maglifici di tutto il mondo informazioni aggiornate su filati e tendenze. E' il giusto contenitore di qualità eccellenza e italianità, valori in cui la stessa azienda crede fortemente

COTONIFICIO OLCESE FERRARI is an Italian Textile Company born from the merger of two historic Italian Textile Companies, different in their DNA and experience, but deeply linked by the same philosophy.

Italian industrial craftsmanship, high quality standards, environmentally and socially conscious lifestyles and production processes are common aspects that now characterize Cotonificio Olcese Ferrari, making this reality a successful international Company.

It is a dynamic and highly qualified structure in the production of fancy yarns, yarns for jersey and orthogonal fabrics in cotton and intimate blend with wool, silk, linen and other innovative fibers with unique colors and technical characteristics.

Even during this difficult historical phase, the Company is oriented towards continuous research and innovation, designing new yarns that respond to essential principles of sustainability.

Recycling of textile waste, organic raw materials, eco-design and innovative fibers made with low environmental impact are the fundamental topics of the new collections, addressed to the various product sectors which Cotonificio Olcese Ferrari relies.

FEEL THE YARN

COTONIFICIO OLCESE FERRARI is a partner of Feel The Yarn, a brand that continuously expands its boundaries. A multi-channel digital world made up of a magazine, a newsletter, a competition, social media and international events created to provide knitwear manufacturers worldwide with up-to-date information on yarns and trends. It is the right box of quality, excellence and Italian spirit, values in which the Company itself strongly believes.
